## STEPS TO DEATH IN FRONT OF CAR

Alighting Passenger Meets  
Same Fate as Husband.

Mrs. Eliza Williams, of Otterbourne, Md., was struck and instantly killed by a car of the Chevy Chase line about one-half mile south of the Chevy Chase terminal yesterday. Dr. John L. Lewis, of Bethesda, Md., reached the woman's side a few moments after the accident, but pronounced her dead.

The body was taken to the residence of Edward W. Jones, and a coroner's jury inquest was held at the residence of Mrs. Williams yesterday afternoon.

Mrs. Williams was the widow of John M. Williams. He met a similar death four years ago, when, in a delirium of fever, he wandered from his home and was killed by a Baltimore and Ohio freight train. Mrs. Williams was to have been married in October to Warren K. Jessup, a former resident of Washington, and now connected with the General Land Office in Los Angeles, Cal.

Surviving Mrs. Williams are her mother, Mrs. Annie M. Renshaw; a sister, Mrs. John Magruder; and a nephew, William L. Ottum. Funeral services will be held from the Bethesda Presbyterian Church to-morrow.

## BRIGHTWOOD CITIZENS ELECT.

Adolph Van Renth Chosen President of Park Association.

Adolph Van Renth was re-elected president of the Brightwood Park Citizens Association at the first meeting of the year last night. Other officers elected were: Vice president, Luther W. Gibson; recording secretary, Clyde H. Edwards; corresponding secretary, S. H. Scott; and treasurer, Frank J. Miller.

Twelve new members were admitted, bringing the total membership up to 101. Though a comparatively young association, the organization is doing much to bring about civic improvements in Brightwood Park. It is probable that steps will be taken to procure a permanent meeting place.

U. S. Dept. of Agriculture, Weather Bureau, Washington, Wednesday, Sept. 14, 8 p. m.

The tropical storm is now passing inland in a westerly direction from the Gulf of Mexico, the center being slightly south of the mouth of the Rio Grande. The progress of the storm across the Gulf has been unusually slow, and a large day. It is now causing high tides and east to northeast gales along the Texas coast. Danger signals are still flying from Galveston to Port Arthur.

Torrential rains have accompanied the Gulf storm; moreover, light rains have occurred in the Atlantic States and in the far West, between the eastern slope of the Rockies and the Pacific Coast region. A disturbance is gradually developing on the Southern coast.

The high pressure area still controls the conditions over the greater portion of the country, and it is somewhat warmer than normal. The temperature is as far south as the Gulf of Mexico. The temperature is as far south as the Gulf of Mexico.

The temperature has continued to moderate slowly in the Northwest, however.

Cool weather will continue over Eastern and Central sections during the next three days, and showers are probable along the South Atlantic coast. The weather in other Eastern sections will be mostly fair, although partly overcast conditions may prevail. Heavy rains will continue in Southern Texas, and showers are probable in the Western States region and Southern Rockies. In interior sections fair weather will continue.

The winds along the New England coast will be westerly on the northeast, and on the South Atlantic coast moderate northerly; on the Gulf coast moderate northerly; on the West Gulf coast moderate north to east; on the South Texas coast, on the Great Lakes light variable. Steamers departing Thursday for European ports will have moderate north to northwest winds, with partly overcast weather, to the Grand Banks.

## NOTICE

The 18th of May, 1910, we opened our present place of business, knowing we had one of the greatest inventions for the treatment of foot troubles that had ever been thought of by man. We thought we had ample accommodations for ourselves and the public, but we are more than pleased to say we made a mistake. We are going to remedy this, and take pleasure in announcing that we move into OUR NEW QUARTERS in OCTOBER, where we are fitting up ELEVEN OFFICES with every comfort and convenience for our patrons. The fact that we are obliged to do this speaks volumes for THE WILHELMINA FOOT TREATMENT and the BROAD-MINDED PEOPLE OF WASHINGTON. That is not meant as flattery; just plain facts. You were broad-minded enough to believe us and try our treatment.

We have done some advertising with printers' ink, telling just the TRUTH. The people whom we have cured have done the rest. The result is that our practice has grown beyond our present accommodations. We believe in giving an honest equivalent for what we receive. The people of this community must feel they are getting it, or our practice would not have grown to its present size.

We wish to take this opportunity of thanking our friends for the many kind things they have said and done for us. In conclusion, will say that EXAMINATION AND CONSULTATION WILL BE FREE while we remain in our present place.

Appointments made by 'phone or mail.

Respectfully,

Arthur J. Sutton Arrested  
on Boy's Complaint.

Charged with attempted assault on eight-year-old Elsie Sparks, of 444 New York avenue northwest, Arthur J. Sutton, thirty-three years old, an assistant in an F street photograph studio, was arrested last night by Policemen Downs, of the First precinct force and held without bail. He denies the charge.

The arrest was made through Lee Wall, fourteen years old, of 1024 Fourth street northwest, who reported to the police that Sutton was annoying small girls on the street. Last night, the boy stated to the police, he saw Sutton induce the little Elsie Sparks and another girl, Anne Zoltow, ten years old, of 1215 Seventh street northwest, to accompany him along the street by presents of candy.

The boy states that Sutton took them into the photographic studio, and a few minutes later the Zoltow girl came out, and the boy ran to Policemen Downs, who was at Thirteenth and F streets.

Downs waited outside the studio door, and stopping the girl when she was pushed through the door by Sutton, secured a statement of what had occurred. A few minutes later Sutton appeared, and Downs placed him under arrest.

At the station house Sutton stated that he was married, and lived at 311 Thirteenth street northwest. He will be arraigned to-day.
